# DEDICATION

EDMUND IGNATIUS RICE  
(1762 - 1844)

The massive figure of the first Christian Brother stands in the habit of his Order, his cloak symbolizing the protection and security his schools provide. He holds up the Bible, which serves as a base for his schools. The footballer, backed by Edmund Rice, holds firmly to his cloak.

“Going therefore teach ye all nations . . .”

At forty years of age, Edmund Ignatius Rice gave up a very prosperous business in Waterford, Ireland, to begin a school for the poor boys of that city. In this first school he had two other teachers and about two hundred rough-and-tumble boys. Today, 160 years later, there are 3200 Irish Christian Brothers teaching 128,000 students in more than 500 schools scattered all over the world.

This year we commemorate the Bi-Centenary of the birth of Brother Rice. For this reason the 1963 Collegian is respectfully dedicated to him.

## THREE EX-COLLEGE STUDENTS ORDAINED IN 1962

Rev. William Mark O'Malley, S.J., was ordained in Spokane on June 16. He celebrated his first Solemn High Mass in Immaculate Conception Church on June 24. Father spent two years at the College. He joined the Society of Jesus in 1949.

Rev. John A. Mulroney, S.J., received Holy Orders June 17 in Toronto. He came back to Vancouver and celebrated his first Solemn High Mass July 1 in Immaculate Conception Church. After he left V.C., Father Mulroney attended the Seminary of Christ the King. He joined the Jesuits in Guelph, Ont., in 1951.

Rev. Leroy Neil Kelly, C.S.B., was elevated to the Holy Priesthood on December 14 in Toronto. He offered his first Solemn High Mass December 23 at Saint Anthony's Church in Marpole. He graduated from the College in 1948 and joined the Basilian Fathers in 1955.

## IRELAND

At present there are two Provinces in Ireland, St. Mary's and St. Helen's, which total approximately one thousand Brothers who teach in more than ninety schools.

Brother Edmund Rice opened his first school in 1802. Mount Sion in Waterford, while not the original building, still continues to imbue its charges with the same spirit of faith that the Founder inculcated in this same institution some one hundred and sixty years ago.

Established in 1904, St. Mary's, Marino, Dublin, is the nerve center of the Congregation. Besides being the official residence of the Brother Superior, it also has the distinction of being the Training College for many of the Brothers of the Irish Provinces.

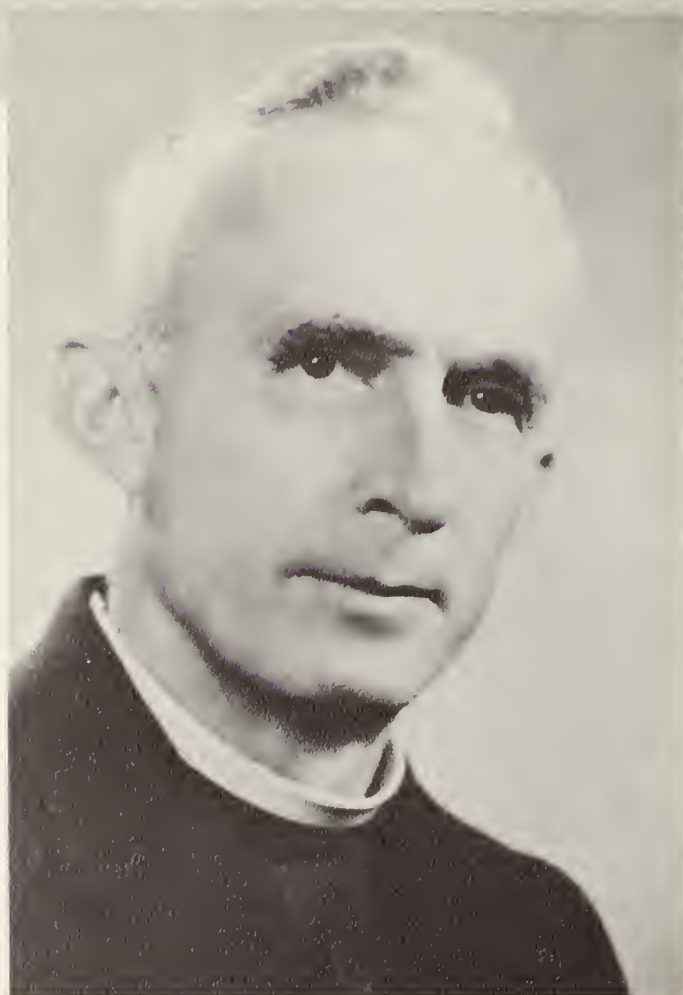

# FACULTY

For anyone who has attended Vancouver College the black habit of the Brothers represents a religious devoted to God, a teacher devoted to his students, a coach devoted to his team, and a friendly advisor always ready to help. As religious, they give living example of the way to live as a good Catholic gentleman. As teachers, the Brothers are well qualified, each having one or more degrees. In general, the Brothers encourage activity in athletics, stressing the principles and the spirit of sportsmanship. These may be some of the reasons why the order of the Christian Brothers of Ireland has shown such phenomenal expansion all over the world.

## ENGLAND

The first foreign opening of the Christian Brothers was in England. Erected as a Province in 1946, England at present has some 150 Brothers teaching in 14 different schools.

St. Joseph's College, Trent Vale, Stoke-on-Trent, Staffordshire, was originally opened in 1932 in what is now the Brothers' residence. The present day school was opened in 1936 since the residence was overcrowded. For 1963 the school enrollment is approximately 685 pupils.

Since 1895, Prior Park College has been run by the Brothers as a boarding school only. In its buildings, extending about one-quarter mile, Prior boards 276 students. The Central building, "St. Mary's", was the first Novitiate in England and is now used as the Brothers' residence.

In Orrell, Lancashire, the John Rigby Grammar School was opened in 1959 by the Christian Brothers. Its patron, Blessed John Rigby, a native of Lancashire, was a martyr during the reign of Elizabeth I. Though only a grammar school in the Wigan area its enrollment has reached 300.

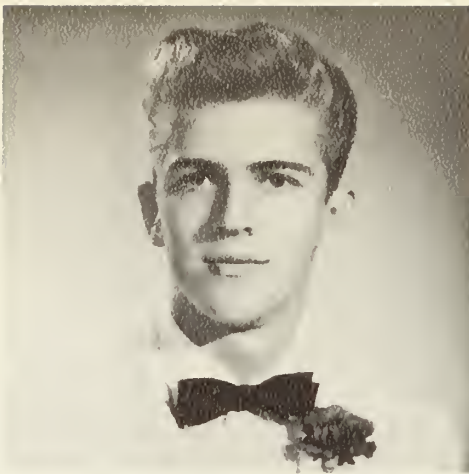

# GRADUATES

For years—as many as twelve for some—we have been coming here every school day morning, and it seemed at times that we should continue to come forever. Each year was different in some ways from any other, but there were always the same corridors, the same activities and the same faces. Each autumn there was football; each spring, basketball; and the rousing spirit was taken for granted. This year is like that too, but suddenly we realize that next September will find us out on our own; and then we see things in a new light: the old corridors look friendly, the sports events take on new meaning, and old faces are friends' faces. This year's very different—it is the last one.

**ROBERT M. ABERNETHY**

Bob has been at College since grade one and has become almost a permanent fixture in our halls. He has participated in intramural football and basketball. His favourite pastimes are inland fishing and electrical work on radios, etc. His future career seems to be in forestry.

**R. PETER BARONAS**

Pete, a future Chemical Engineer, has been at College for four years. As Yearbook staff typist, his pet peeve is the editor who leaves all the typing till the last minute and then loads it on in reams. He divides his spare time between skiing, playing the guitar, and lately, an interest in writing.

**JOSEPH E. BAUCHE**

A Blessed Sacrament parishioner, Joe has been at College for the full twelve years. He participated in intramural bowling and weight lifting in the old gym. Outside school he plays billiards and holds a weekend job. In the fall he plans university training in law or commerce.

## GRADUATES '63

It's that time again.

**DANIEL A. BEAN**

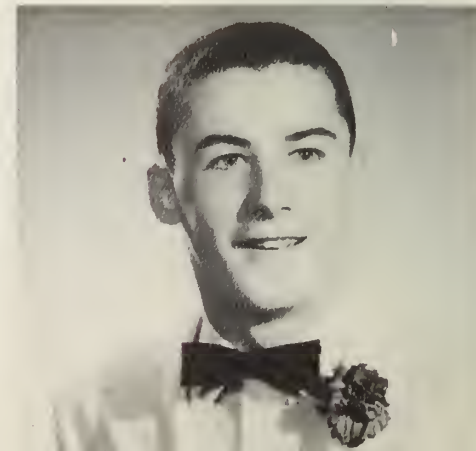

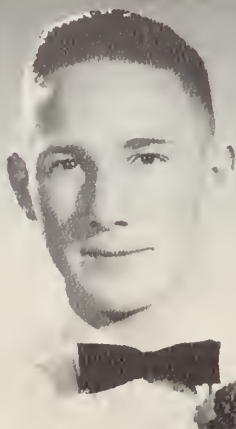

The transport companies grow rich at Dan's expense—he has commuted each day from West Vancouver for six years. Once he arrives for a day's work, he concentrates on preparing for his planned course in Chemical Engineering. His usual hasty departure in the afternoon has merited him a yearbook candid.

**GEORGE BEGLEY**

George came to us four years ago from Cambie Jr. High School in Richmond, and still makes his way each morning through the lowland fog and across the Fraser to V.C. His pastimes include shooting, bowling, and visiting the hand ball court each lunch hour.

**DENNIS H. BIBBY**

Dennis, of St. Peter's parish, New Westminster, as one of the all-around class leaders, is president of 205 and the Monogram Club, as well as prefect of the senior Sodality. Both in football and basketball, he is a standout. A good student, too, his talents will be placed at the disposal of the Oblate Fathers.

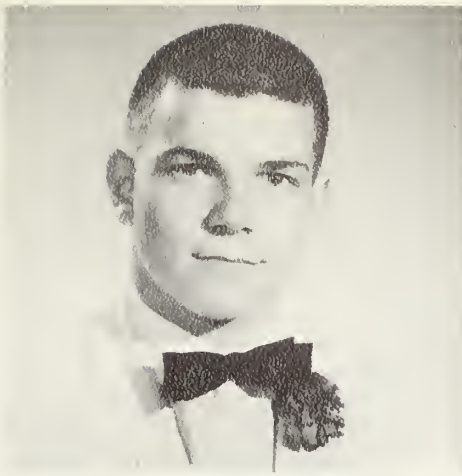

**CLAUDE I. BOISVERT**

One of the "local-boys", Claude has been here since the fifth grade. On the intramural program, he took part in football and volleyball. An all around sports enthusiast, he weightlifts, swims, and particularly enjoys skiing. Civil Engineering is his chosen field.

**MURRAY F. BOYLE**

Everyone knows Murray likes a good time—and teachers have complained that he likes one in class too, but they all gave him credit when he appeared on the coveted honour roll. A Varsity football tackle, he also participated in intramural sports. He plans to major in sciences.

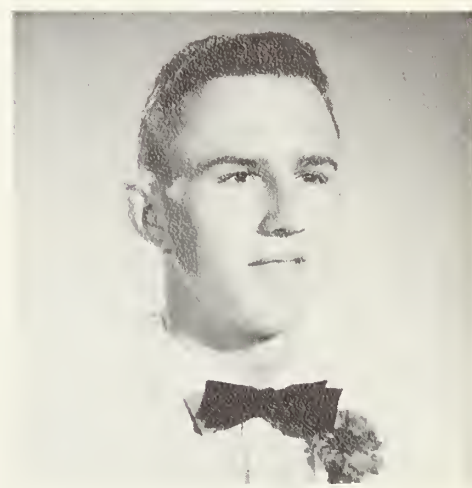

**DAVID M. BRENNAN**

Dave is a boarder sent to us from Vernon four years ago. He is one of the top students, vice-president of the Senior Boarders, and an active member of the boarder sport leagues. An ardent fan of W.W. II literature, he has a small library on the subject. His future most likely lies in the diplomatic corps.

"Hey fellas, let's move it! It doesn't match the drapes."

**DOUGLAS E. BROWN**

Doug has spent six years at College playing on the J.V. football team and in many intramurals. For outside sport, he enjoys tennis and golf, with wet weather hobbies of electronics and stamp collecting. His aim is to become a draughtsman to which end he did the Art 20 course.

**JOHN K. BURBRIDGE**

A Canadian citizen though a temporary American resident, John has boarded here for five years. He seems to have earned some regard hereabouts, as he has been a class officer each year since he first came, and is now president of the Senior Boarders. He plans to channel his abilities as a leader and spokesman into the law profession.

**BRIAN J. BURRILL**

Red-haired and from St. Patrick's parish, Brian fits in well at an Irish Christian Brothers' school. After hours he sometimes lends a hand with the typing to be done in the lab. His interests are athletic, including hockey and football, and he plans to go on to physical education at U.B.C.

**SHANE J. BURT**

From Holy Name parish, Shane is one of the College's old-timers, having spent 10 profitable years here. Shane has participated in intramural football, volleyball, bowling, and even found time to box. Outside school, his one great love is fishing. Upon graduating he plans to attend U.B.C.

"You say he left at ten to nine?" Don Bush arrives at a crucial moment.

#### DON J. BUSH

Don is one of the fellows who began giving St. Andrew's school a good reputation in V.C. four years ago. Active ever since in intramurals, this year he became a sodalist, and took on duties in the U.N. Club and Yearbook. He expresses an ambition "to live happily ever after", but meanwhile plans to attend U.B.C.

#### BRUCE A. CAMPBELL

A boarder at College for the past three years, Bruce comes from Courtenay. He has exhibited a lively interest in intramural sport; and, as befits a Courtenay boy, he fishes and hunts on the Island. As yet undecided about his vocation, he is majoring in economics, mathematics, and history.

#### J. MICHAEL CLARE

A student here for the past five years, Michael comes to us from Our Lady of Perpetual Help parish. Intramural football, basketball, and softball occupy much of his time, which is already precious because of his many other interests. After he graduates he plans to become a Chartered Accountant.

#### MYRON G. CLARIDGE

Myron has attended College for eight years. Like his famous relatives, Bruce and Pat, he played football, both J.V. and Varsity. On the Yearbook staff, Myron was a long suffering assistant in this very section. After a tour of Europe next year, he plans to return for a business course at U.B.C.

#### T. BARRY COUGHLIN

An aggressive, athletic guy, Barry was an outstanding member of the basketball and football squads, and is interested in all other sports. In addition to this, he is an avid reader and a good student. In university, he plans to enter Pre-Med. school next year.

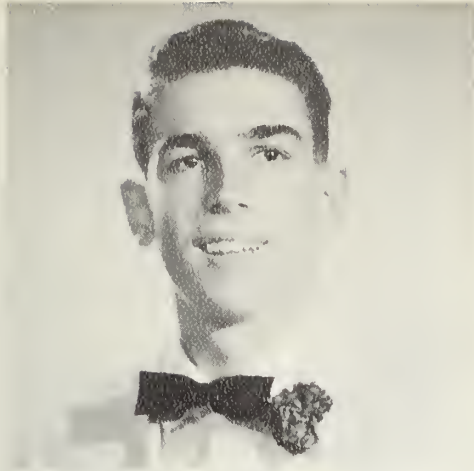

#### CHRISTOPHER W. CRIBB

Chris has been here at the College for the past three years. He is very sports-minded, participating in intramural football, basketball, volleyball, and softball. Chris likes automobiles — preferably fast and called "hot-rods" or other similarly suitable appellations. He plans to become a Chartered Accountant.

**JAMES M. DITOMASSI**

Jim is a resident from Victoria, and formerly of Kitimat where he attended Mt. Elizabeth High School. Another with a bent for athletics, he participated in almost every intramural sport he could find, and this year was captain of Senior Boarders' football and basketball teams. As a career, he has chosen Law.

**THOMAS D. DOHM**

One of the few one year boys here, Tom came to us from St. Pat's. Despite the fact that this is his first year, he has made himself well known—chiefly through the timely use of a loud-voiced duck call at such convocations as V.C. football games. In more serious moments, he prepares for studies in either engineering or medicine.

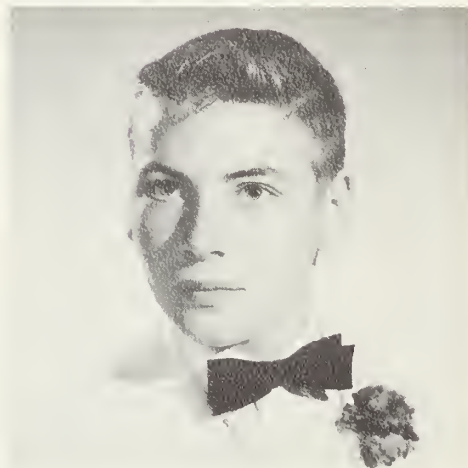

**STANLEY J. DOSMAN**

Another who has helped the reputation of St. Andrew's hereabouts, Stan fits well into the College atmosphere. His hobby is any kind of strenuous sport, particularly weightlifting, in keeping with which he participated in both Varsity football and track. In scholastics, Stan is one of the relatively few who are taking Latin and History majors, and intends to go on to teaching.

Robert Dumont sits in for Brother McManus during Latin class.

**WILLIAM B. DUFF**

One of the most familiar faces around College, Bill has boarded here for five years. During that time he was a basketball manager for three years, and played Junior Varsity for one. His hobbies of fishing, hunting, and swimming are to be expected when one learns that he comes from Smithers.

**VICTOR H. DUKOWSKI**

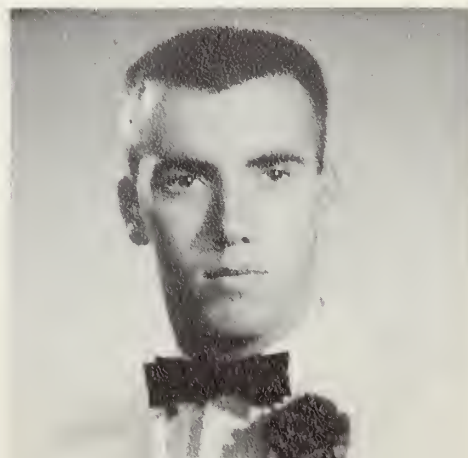

Coming here from St. Casimir's, "Duke" has spent ten "almost" enjoyable years here. He is often seen on the track field and volleyball courts though not so often with the "Collegian" business staff. For the present he collects coins; for the future he plans a Commerce and Finance degree.

**ROBERT S. DUMONT**

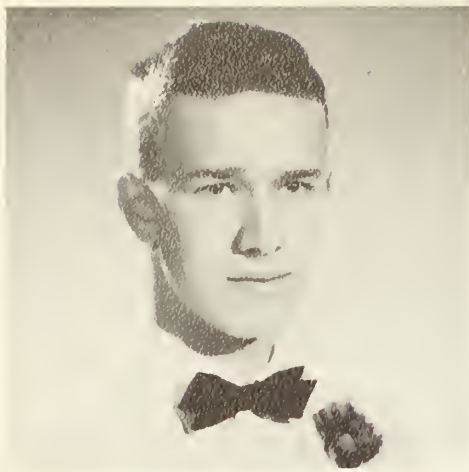

Bob has done more than his share to maintain the "Dumont tradition" at College. A student here for twelve years, he is consistently high on the honour roll. By no means confined to scholastics, he earned a position as first-string guard on the "Gael", and worked on the "Collegian" staff.

**DAVID L. DURKIN**

An aggressive boy from St. Mary's parish, Burnaby, Dave occupied himself with Varsity football and senior track. In this his eighth year at College, he was elected co-captain of the Varsity football team, and also vice-president of his class. Upon graduating he plans to enter the police department.

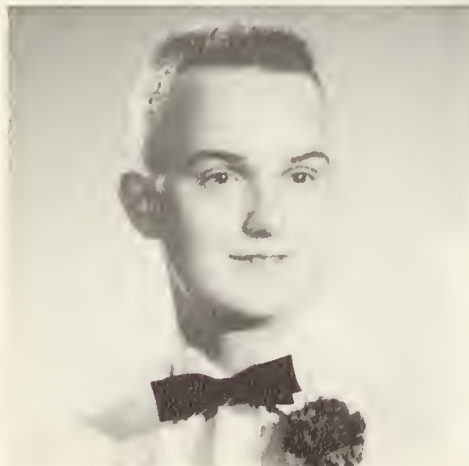

**PETER D. EAKINS**

On bowling days, Pete is always rolling along with all the other bowlers. He likes to spend his time in class dreaming of sports cars or hunting. Although he participates in "class sports", he intends to graduate and follow an army career through R.O.T.P., or achieve a commerce degree at the University of British Columbia.

**W. JOHN EDGAR**

A perennial high on the honour roll, John employs his talents as Faculty Editor on the Yearbook staff, and shows active interest in his History 91 course by his membership in the U.N. Club. Also, he is one of the few four-year Sodalists. In less serious moments he enjoys playing basketball and football.

**RUSSELL T. EGLI**

Russ, who is from Holy Name parish, has spent three years in College. Actively participating in intramurals, he is captain of his intramural volleyball team and an avid touch-football player. His experiences with V.C.'s "characters" should aid his success in a sales career.

Myron Claridge and George Payerle admire Mr. Manuel Espinosa's professional technique.

**MICHAEL K. FLYNN**

Mike joined John Edgar both on the honour roll and in the U.N. Club. His special aptitude for Math should take him far in his planned career in engineering at the University of British Columbia. After school hours, he is a valuable member of the Grammar School section of the Yearbook staff.

**RONALD P. FRIEDRICHSEN**

A former St. Andrew's student, Ron has been getting honours and detentions here for the past four years. He goes in for aggressive sports like weightlifting and girl chasing. After graduation and university, he plans to see the world in the navy or the marines.

**BRIAN T. FOGARTY**

Brian partook in the activities of the U.N. Club, Sodality, and Yearbook staff in his final year. In History 91, he demonstrated his wide reading in past and current affairs with informed views on most topics which should help in his chosen field of endeavour: education.

**GRAYDON J. FORD**

One of the few boys who have attended College since Grade One, Graydon was a member of the Legion of Mary, and took part in the intramural sports such as football and basketball, as well as both snow and water skiing. Upon graduation, the field of science will hold his interest.

**JOHN FURCH**

After five years at basketball-conscious College, John still likes to pass his time with a good game of soccer. He has been a member of the Glee Club throughout high school; and participates in most of the intramural sports, especially volleyball. He intends to join the Air Force.

**MAURICE F. GODBOUT**

From the north end of Vancouver Island, in the quaint little fishing village of Port Alice, comes this four-year boarder. He participates in intramural football, basketball, baseball, and volleyball, though his hobby is coin collecting. After graduating, he plans to study engineering at Notre Dame University, Indiana.

**KENNETH W. HANSON**

A three-year boarder, Ken spends whatever leisure time he has left after intramural sports in studying histories of the Second World War—which proves useful for his History 91—and in listening to his opera favourites. The field of Chartered Accountancy will be his aim after graduation.

**GARNET GRAHAM**

Garnet joined College this year from Similkameen High School, Kere-meos. Cape Canaveral would be interested to know that Garnet delights in building rockets in his spare time. But alas, they will not be able to avail of his talents as Garnet intends to study engineering at U.B.C.

**STUART E. GRAY**

Stu, a White Rock resident, has spent six years as a boarder at College. In sports, basketball is his favourite, and after class he can almost always be found in pursuit of this interest. One of the better English students, he plans to further his education at U.B.C.

"Hey! Who swiped my lunch?"

**WILLIAM W. HAWKINS**

An avid six-year College basketball fan, Bill naturally bounces with the best of them in intramural hoop circles. He played J.V. football for one year and was in the Sodality for two. Cars and hobbies (besides homework) take most of Bill's spare time. His ambition is to be a pharmacist.

"Ah, but a man's reach should exceed his grasp,  
Or what's a heaven for? . . ." —Browning.

#### NELSON J. KENNEDY

Nelson is, most of all, irrepressible. As a boarder (from Vernon) he has many opportunities to exercise his sense of humour. In prophetic moments, he sees himself as "the head of a company for the manufacture of wooden legs for centipedes", but usually admits to the more serious plan of studying engineering.

#### DERMOT HENNELLY

Dermot came here three years ago from Stonyhurst College in England. He appears regularly on the honour roll, excelling in French and English Literature. After completing university, he plans to enter politics, with his hobby of writing satire as a sideline.

#### JOHN P. KALLEY

John is another of the select group of the "twelve-year men". He was a sprinter in Varsity track and played intramural basketball and football. His interests extend to boating as well—in a boring class, John's papers become covered with meticulous sketches of small craft. As a career, he aims at dentistry.

#### BRIAN J. KERR

A six-year veteran of College, Brian is from St. John the Apostle parish. In former years he was prone to founding societies (from Communist parties to John Birch groups), but his pet preoccupation now is "trying to play baseball". He does, however, bowl with the best of them in the afternoon league. After obtaining his diploma, he is heading for U.B.C.

#### FREDERICK J. HINMUELLER

Fred has been a member of the Glee Club during all of his four years here, and enjoys participating in the intramural program. In addition, he is one of the Varsity basketball squad's most loyal supporters, turning out for almost every game. After graduation, he plans to attend U.B.C.

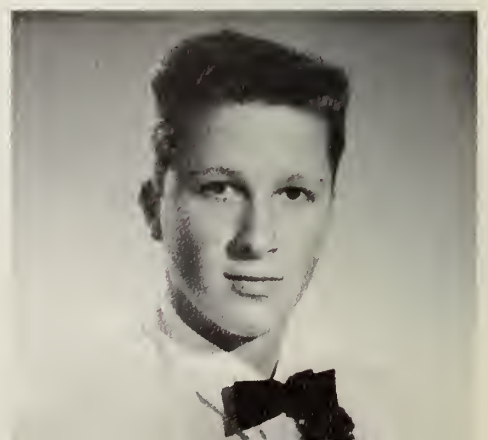

#### MICHAEL P. KENNEDY

Mike, for four years a commuter from the Royal City, tries to suppress the story about the time (in third grade) that his teacher caught him smoking. Despite that incident, however, he is still around, now more interested in working on cars and playing football. Upon graduation, he intends to continue his education toward a career in pharmacy.

#### VICTOR H. KOLSTEE

From St. Augustine's parish, Vic is another fourth year student. His activity in outdoor sports: fishing, camping, and swimming is not surprising because everyone knows his interest in athletic activities. He hopes to enter the University of British Columbia in one of the scientific fields.

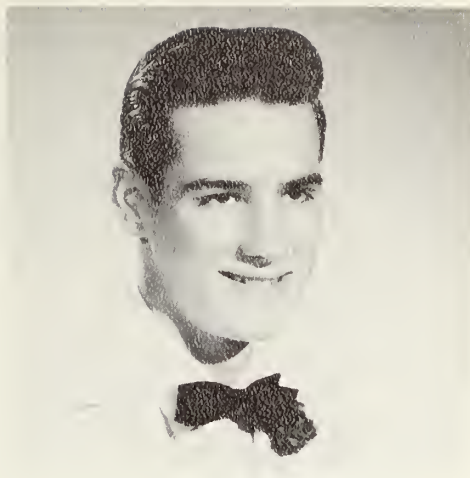

**RALPH LANUZEL**

A six-year College man, Ralph is well known for his little Renault (and for the way he drives it). In sports he played intramurals, and has been a cheerleader for two years. Although his interests at present are cars and mechanics (and "hub cap collecting"), he plans to enter dentistry.

**BARRY P. LAPOINTE**

Barry, from Holy Cross parish, North Burnaby, has long been the star drummer of the V.C. band; and as a football Letterman, he has become one of the Monogram Club's star ticket salesmen as well. In his spare time, Barry's major interests are guns, his "white tank" (a 1953 Buick), and composing poetry.

**DANIEL F. LA PORTE**

Although he professes a "special interest in loafing", Dan manages to keep himself quite busy carrying a full load of subjects besides Sodality, Glee Club, and Cheerleading. He plans to teach English on the university level, and to this end he is taking a major in English.

A group of seniors make use of their lunch "rest" period.

**JOSEPH K. LAWSON**

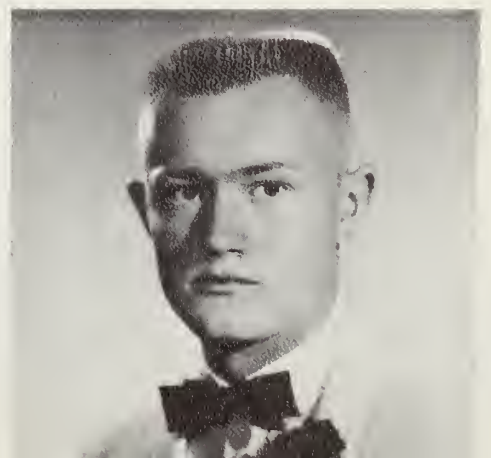

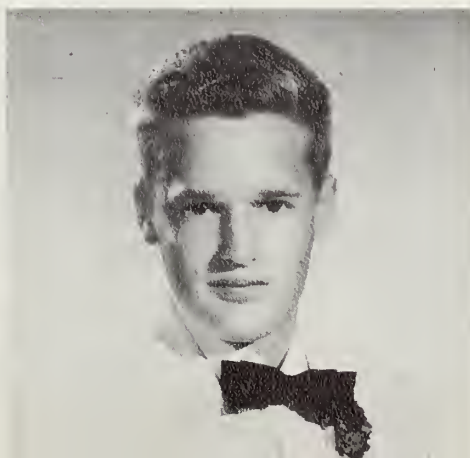

Joe has been a resident student here for three years, formerly having attended Bonnie Doone Composite School in his home city of Edmonton. He enjoys all outdoor sports, especially riding and hunting. After graduation, he plans to do a university course and enter his father's business.

**DAVID E. LEAHY**

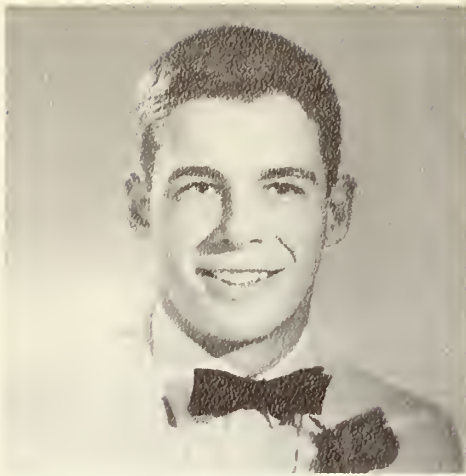

Dave is an active fellow around College. Editor of the classes section of the Yearbook, he also finds time for intramural sports, Sodality, and honours in scholastics. Whatever leisure hours he has are devoted chiefly to sports, especially swimming and golf.

**PETER C. LEEST**

Although born in Germany, Pete has been in Canada since 1952, and, for better or worse, he has become thoroughly Canadianised, right down to his liking for C-FUN. For recreation, he enjoys tennis and skiing, besides free-for-all touch-football contests. His plans envisage a future in Education after attending U.B.C.

**JULIO LIMANTOUR**

Juls, class vice-president of Room 206, is one of our trio of seniors from Mexico City. The most sports-minded of the three, he participated in most intramurals and track, and was a top defensive man on this year's Varsity grid team. Next year he plans to enter U.B.C. in the field of commerce.

Taking advantage of the cold weather, Dennis Bibby and Barry Coughlin fight for the puck.

**HANS LORENZ**

Although in his first year at College, Hans, a boarder from Grand Forks, has made quite an impression. In basketball he earned a first-string position on the Varsity, and scholastically he is a top economics and physics student. In addition to his regular subjects he takes German by correspondence.

**TERENCE M. McCAFFERY**

A conscientious, industrious worker, Terry was a member of the Year-book committee and Student Council at his former school, St. Thomas Aquinas in North Vancouver, but came here for his senior year in order to obtain a science major. His special interests are track and swimming.

**WILLIAM F. McCANN**

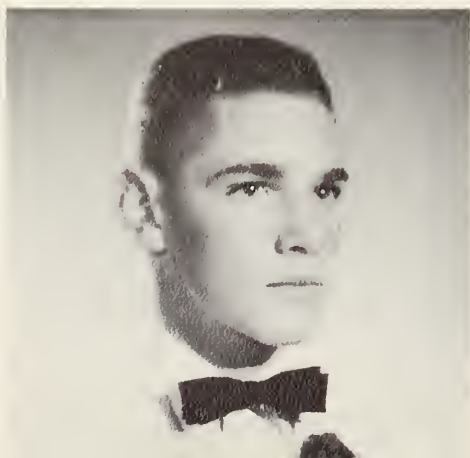

Yet another of the commuters from New Westminster, Bill has, like most of the others, an inclination toward sports. He played Varsity football and many of the intramurals, and has further interests in baseball and swimming. Aiming at higher education, he plans to attend a college in the United States.

**WAYNE McCLAY**

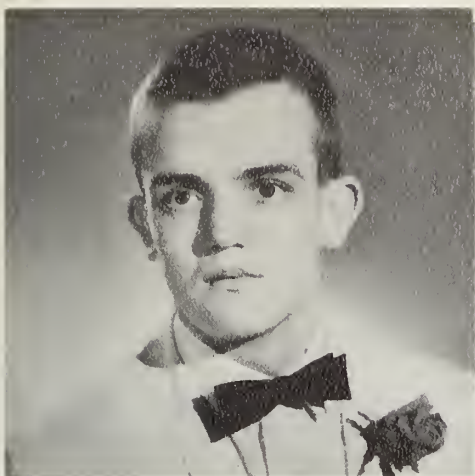

A former V.C. boxing great, "Tiger" McClay has been here for eight years. Every morning before class (usually), Wayne can be found holding forth on his two favourite subjects: cars and boats. He plans to channel these interests, together with an aptitude for math, into engineering studies at U.B.C.

**DANIEL McDANIEL**

A North Van. boy, Dan has attended College for nine years, lately as a boarder. He ran the mile in J.V. and Varsity track, and was cheerleader this year. On his own time he likes to ski and hike, with special pride in having climbed the Lions. Law is his future, with university in the States.

**DOUGLAS MACKAY-DUNN**

For six years Doug has been one of the harried commuters from the outskirts of Vancouver whose only recourse if the B.C. Hydro fails is to wave a hopeful thumb at passing motorists. Mostly, however, he has made it, and while here has earned a Varsity letter for football. He plans to study law in the U.S.

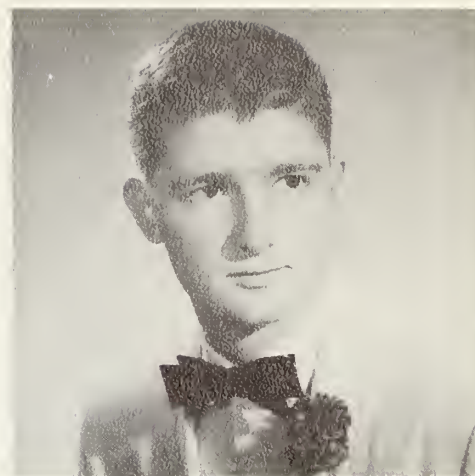

**MARC E. McGRATH**

After eleven years as a day student, Marc (or his parents?) decided that he should spend his senior year as a resident. Around school he takes part in intramurals, Yearbook, and the Sodality. He once planned to publish a magazine to compete with "Mad", but now aims more toward electrical engineering.

**W. JAMES MacKENZIE**

Jim has been at College since the First Grade. He played both J.V. and Varsity football, with outside interests in swimming, skating, and bowling. After graduation, he aims to follow in his father's footsteps in the practice of medicine as a "Physician and Surgeon."

**BRIAN McGARRY**

A member of the Glee Club and the intramural football team, Brian shows his livelier interests outside of school, such as: cars, water skiing, and guns — for target shooting and otherwise. His plans for the future are even more noteworthy as he intends to be a bush pilot in the Yukon.

**ALAN K. MENZIES**

One of the old timers, Al has frequented the corridors of College for the past eleven years, and is well known around the school for his customized Dodge. Customizing cars and raising pigeons are his hobbies, and the History 91 course is one of his pet peeves. He plans to enter banking after graduation.

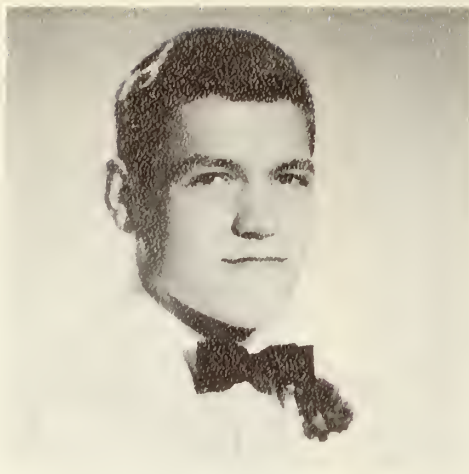

**WILLIAM E. MARTIN**

Bill is one of the few remaining students who at one time played on the College Varsity hockey team. His more recent activities include intramural football and basketball, and he was class president during the last two years. A future dentist, he is also one of the best students in Br. Bucher's commerce and economics classes.

Boarders Pete Munsie, Bill Duff and Stuart Gray find out where Lee gets his menus.

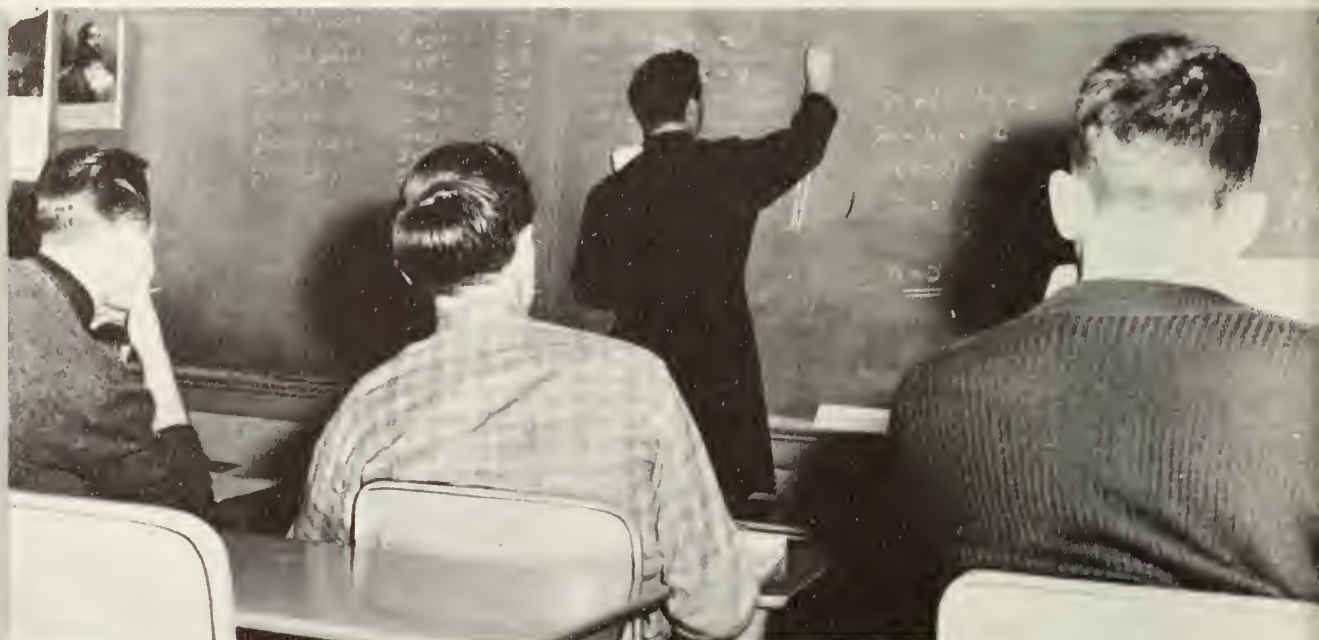

**TED MEYNERT**

Ted came to College four years ago from St. Augustine's School. In history class he is well known for dissertations which sound remarkably learned whether or not he actually knows his subject matter. Using mathematics and commerce courses as a basis, he plans a career in the economics field.

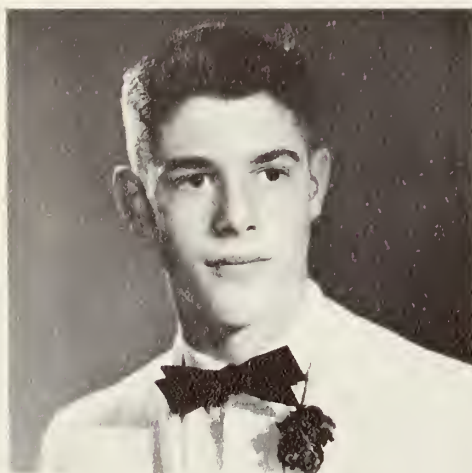

**JAMES C. MOGUSH**

Formerly a resident of Butte, Montana, Jim has been here for three years, with his home in West Van. During that time he has done well scholastically, and this year played center for the Varsity football squad. He is presently treasurer of Room 202, which may be a good omen for his future in hotel management.

At 2:30 Brother Finch instructs his special class in Advanced Math.

**W. PETER MUNSIE**

Pete, in his fourth year at College, is one of the most active of the boarders. He manages Varsity basketball, promotes Monogram Club functions, and takes part in a variety of intramural sports. As befits a Princeton boy, Pete enjoys outdoor sports such as skiing. His future lies in electrical engineering.

**JACK W. MURDOCK**

Combining a number of varied interests, Jack's hobbies and activities range from a liking for all forms of music to flying, with excursions into hiking and outdoor sports. With majors in Science, Mathematics, and English, he hopes to go into medicine in university.

**KARL E. NETT**

Karl came to College four years ago by way of Immaculate Conception and St. Patrick's. On the intramural program, he played football and volleyball, with interests outside school in cars and reading. With regard to the future, Karl is undecided between Chartered Accountancy and a degree in business.

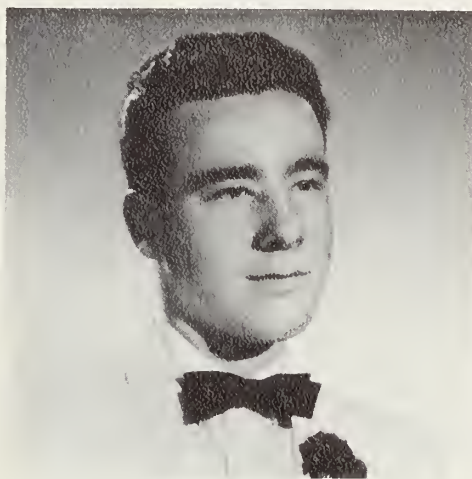

"One hubcap down,  
three to go."

**D. RONALD NICHOLAS**

Ron has been at College for an entire twelve years. During high school he has participated in intramural football, basketball, softball, and volleyball. Outside school bowling and golfing comprise his main interests. Upon graduation he will enter university in preparation for the law profession.

**FRED J. O'HAGAN**

An unusual hobby takes up most of Fred's leisure hours: the detailed study of modern building techniques. He has attended Vancouver College for the past ten years, and after graduation he plans to take senior matriculation in order to go on to dental college for training as a technician.

**BERTRAM G. OWEN-JONES**

Bert has been here at Vancouver College for nine eventful years. A member of the intramural five pin bowling league, he is an outdoors man as well, and enjoys hunting and fishing in the interior of the province. It seems natural that Bert's future lies in forestry.

**PETER J. PALLESEN**

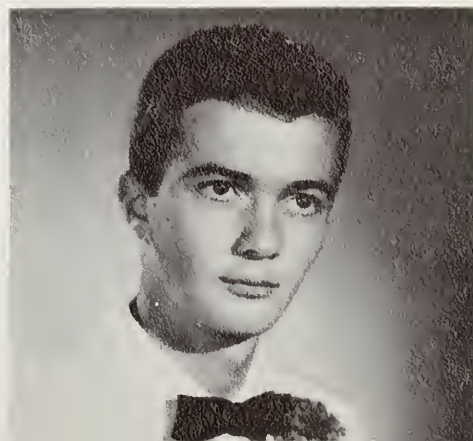

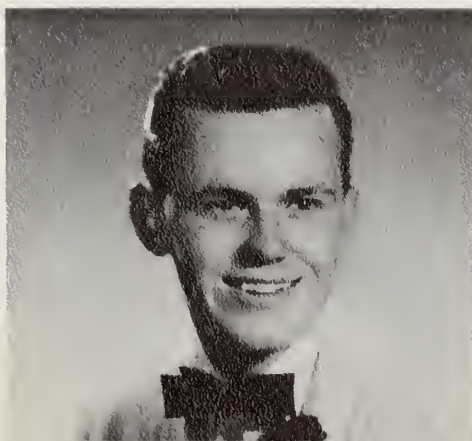

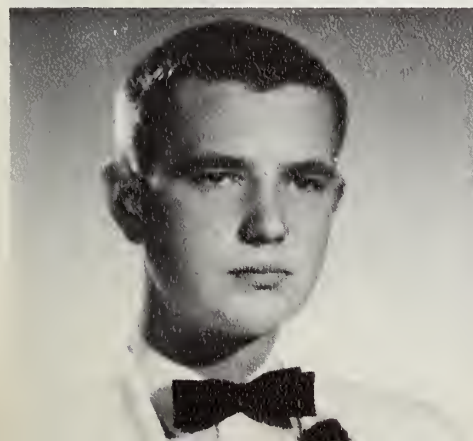

From Sacred Heart Parish, Calgary, Pete has been a resident-student for the past three years. He is a member of the United Nations Club, and Business Editor of the "Collegian". Pete's interests are attracted to politics, classical records, and skiing. For the future, he plans to enter university in the fall.

**PATRICK E. PARKER**

Pat is an active honour student as vice-prefect of the Sodality and vice-president of 205. A sports enthusiast, he was centre for this year's "Irish" and later a cheerleader. His leisure time is devoted to C.Y.O. and travel. Undecided as to his vocation, he plans to further his education at University.

**GEORGE T. PAYERLE**

Another of the St. Andrew's boys, George entered College in the ninth grade. His hobby: writing both poetry and prose, was helpful this year in his duties as Graduates Editor of the Collegian. One of the top students, he is taking an English major toward his planned course in Education at U.B.C.

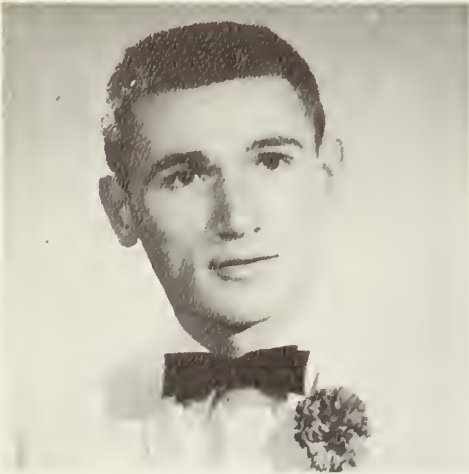

**FRED T. PENLAND**

An import from Ladner, Fred has led an active high school career. In his first three years he was class officer, member of the track team, the J.V., and the Varsity football squads. In Grade twelve he is the yearbook and "Blue Sheet" Copy Editor, member of the Drama Club, as well as an honor student. Fred plans to attend U.B.C.

"Where did the steering wheel go?" ponder Dennis Therrien and Tom Wilson.

**LES J. POLTAK**

For the last four of his nine years at College, Les has been playing basketball on the J.V. and Varsity teams, and by this season had developed into one of our finest defensive men. Besides athletics, he claims to enjoy math the most. Les is choosing either law or psychology as his vocation.

**HUGH G. RATCLIFFE**

A three year boarder from Kelowna, Hugh has participated in football and basketball on the intramural program. On most mornings he can be found operating the book store in the students' last minute rush for supplies.

**E. DUANE RIORDAN**

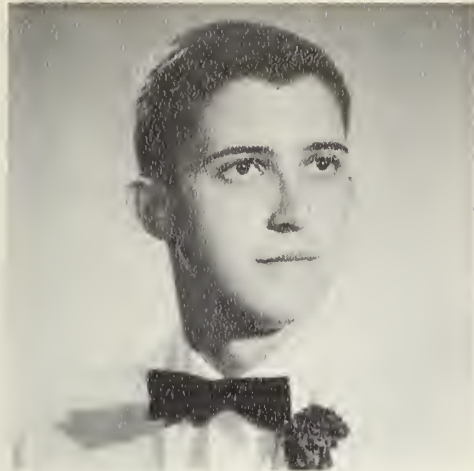

From St. Anthony's parish, Marpole, Duane has attended College for ten years. He is particularly interested in sports. He has added strength to many of the intramural teams and to the badminton team. In track, however, he shines best, especially in long distance running. He plans to go on to study criminal law.

**RONALD D. POULIER**

Ron, originally from Ceylon, has been at College for three years. He is interested in stamp collecting and playing tennis but is also active in all the intramurals. He is known for his habit of arriving in class every morning precisely at the nine o'clock bell (a practice frowned on by the authorities). After graduation Ron plans to go to U.B.C.

**JORGE A. RIVAS**

Jorge, a boarder, first came to us four years ago from Mexico. After a year of J.V. basketball he proceeded to the Varsity squad. For variety, he spends his spare time teaching his French teacher Spanish. His future career probably lies in the field of business administration.

**JUAN RIVAS JR.**

One of the numerous Mexican students attending College, Juan is an expert skier and has actively participated in the intramural program. His chief interest is in mechanical photography, the field which he hopes to enter after two years at the Rochester Institute of Technology.

**JAMES E. ROGERS**

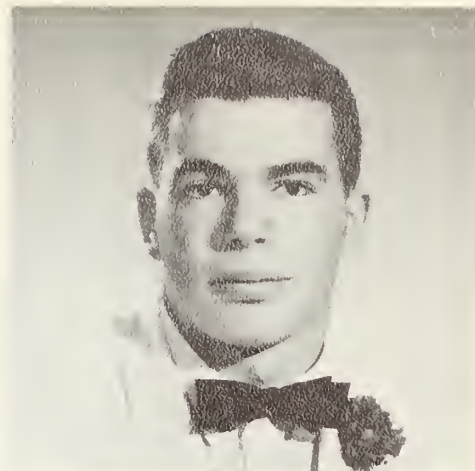

Jim is in his second year of attendance at V.C. coming from Holy Redeemer College, Edmonton. He has participated in Intramural Football and joined the Varsity Basketball team. His hobbies lie in a Canadian coin collection and stock car races. In September Jim plans to enter the University of British Columbia's Medical College.

**JAMES G. SCED**

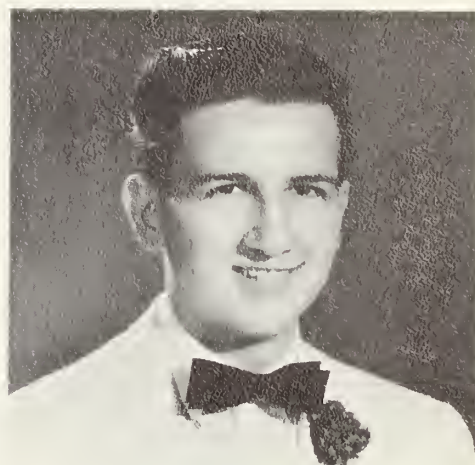

Jim has been at the College a complete twelve years. He has participated in all intramural sports and is "Grammar School" editor of the "Collegian." Golf is his major sport which he has mastered considerably well. Jim hopes to further his study of chemistry at university and become a corporation research chemist.

Co-Editors Fred Penland and Bill Stewart discuss the next edition of the "Blue Sheet" with typist Pete Baronas.

**JOHN C. SCHILLING**

John is one of the privileged few who have been at V.C. for twelve years. He is active in many intramurals with a special passion for lunch-time football. Water-skiing is his favorite sport, although he also likes ice-skating and sports cars. His future lies in aeronautical or structural engineering.

**D. ALLAN SIMS**

From St. John the Apostle's parish, Al has been at College for six years. An ardent bowling enthusiast, he has been on the Intramural bowling league for four years, the last two of which he was a captain. After graduating, Al plans to continue his education at U.B.C., studying Psychiatry.

**WILLIAM F. STEWART**

Bill has been active athletically as a member of the Varsity basketball squad. On holidays and week-ends, if he's not on the ski slopes of Mt. Seymour, he's playing a losing game at the golf course. As co-editor of the "Blue Sheet", and member of the Yearbook staff, Bill has ideas for a future in journalism.

**HARRY B. SULLIVAN**

Harry has commuted between Vancouver and New Westminster for his high school education, and lately has acted as chauffeur for a number of fellow students. In 205 he is renowned for coming up with the funniest possible answer to any given question. He plans to enter U.B.C.

**PAUL B. TAYLOR**

A four-year man from Ladner, Paul has been active in the Boxing Club both as a fighter and manager ever since he entered the school. He was also a valuable member of the track team, and this year joined the Sports staff of the "Collegian". Whenever he has spare time, his main interest is in cars.

**DENIS J. THERRIEN**

Though Denis came to us only four years ago from Our Lady of Perpetual Help, he has not neglected to support the College basketball team as manager, and join in the Glee Club. He tends toward outdoor activities such as fishing, camping, and recently, tree-watching (he plans to be a forester).

**BRIAN J. THOMSETT**

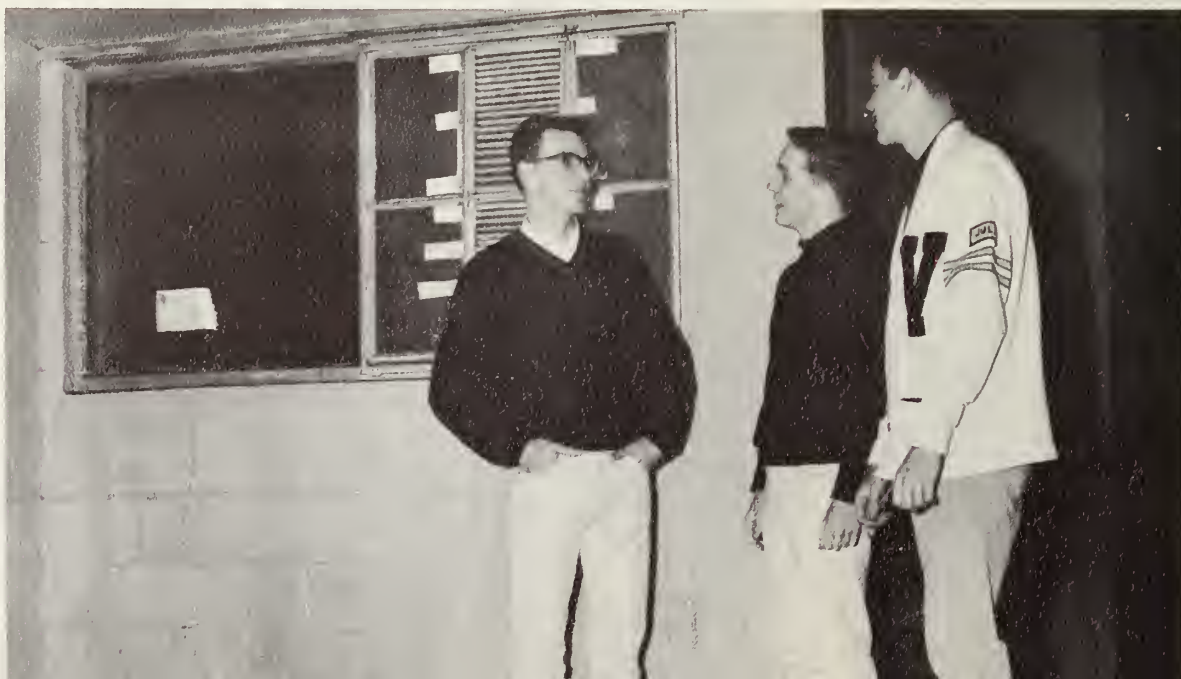

Brian hails from Holy Name Parish where he is president of their C.Y.O. He has been at College for eight years, participated in intramural football and basketball, and became an enthusiastic member of the Sodality. His favourite outdoor sport is skiing. As for the future, he hopes to enter civil engineering.

**ARTHUR W. TOMLINSON**

From St. Paul's parish in Richmond, Arthur has commuted daily to the College for the last eleven years. He is very active in many school activities. He sings in the Glee Club and acts for the Drama Club. A long-standing member of the Sodality, he was secretary this year. He plans to study to be a Pediatrician.

Nelson Kennedy, Dave Brennan, and Julio Limantour discuss the strategy of the night's game.

**MELVIN G. TOURAND**

From St. Joseph's parish, Mel came to College four years ago. He is an avid mechanic and loves to build small scale model cars, ships and planes. Around school, he is employed (without pay) as prop man of the Drama Society, which seems in keeping with his planned future in construction.

**ADRIE VAN VIERSEN**

Before entering College for his high school education, Adrie attended St. Andrew's school. He is well-known for his particular interest in collecting popular records and in playing the guitar. After his graduation he plans to enter university and eventually become a teacher.

**BRIAN J. WALSH**

After leaving the Christian Brothers' school in Dublin, Ireland three years ago, Brian came to Vancouver only to find himself in another of their schools, V.C. An honour student, he also finds time for intramural sports and the graduates section of the Yearbook. His field will probably be Architecture.

An important part in the day of every senior is his visit to the Chapel.

**MICHAEL WALTERS**

From St. Mary's parish and a former student of the school of the same name, Mike came to College four years ago and has since actively participated in the intramural program as well as being a member of the Sodality and Drama Club. Most of his spare time is spent with music—bagpipe and drum.

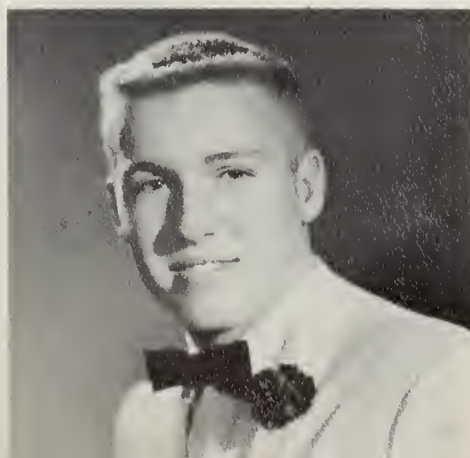

**MICHAEL K. WELSMAN**

Though Mike has only been at College a couple of years, he has partaken in many school activities. In his previous year he participated in intramural softball and volleyball as well as being captain of an intramural basketball and football team. Outside school he enjoys swimming, and water skiing. In the fall he plans Grade thirteen and then U.B.C.

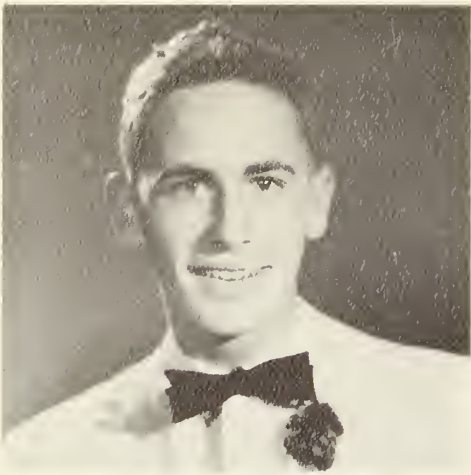

**ROBERT R. WALSH**

From St. Peter and Paul's parish, Robert has been at College for five years. In sports, he took part in most divisions of the intramural program. However, he is best known for his contributions to this "Collegian" as editor. His future lies in medicine, with hopes to specialize in psychiatry.

**HARRY J. WHITE**

After eleven years at College, Harry is still regarded as one of the quietest boys in the school. He is an active participant in all intramural sports and a member of the golf team. He is an enthusiastic golfer and plans to become a professional player, but before he does so he plans to become a lawyer.

**TONY B. WHITE**

Tony came to us by way of Immaculate Conception School. Though not tall in stature, he makes a good showing beside the six-footers in one of the roughest of sports: soccer, a game in which he is particularly talented. While studying commerce at U.B.C., he hopes to realize his ambition of outgrowing the average female.

The end of a day . . . soon, the last day.

**S. NEIL WILLISCROFT**

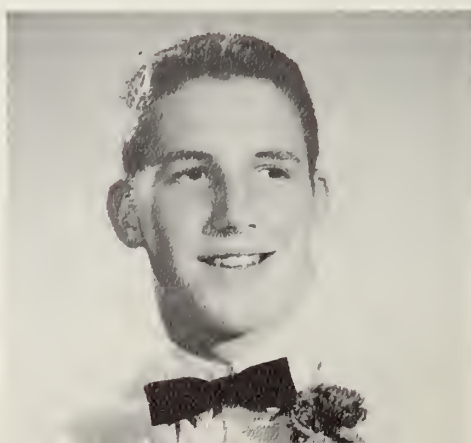

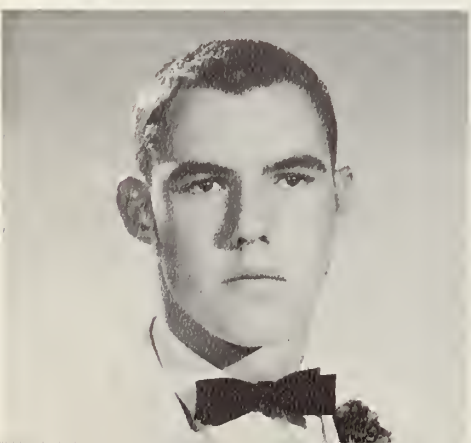

An eight year veteran, Neil hails from St. Patrick's Parish. An honour student, he is also vice-president of the Monogram Club, a member of the Sodality and Yearbook staff, and captain of the Varsity basketball team. Outside school, he is an avid scuba diver. Neil plans to go to university though the course is undecided.

**THOMAS R. WILSON**

One of the many who entered College in Grade Nine, Tom has given a good account of himself in class and on the playing field, with a Varsity letter, and honour diplomas for most of his years here. His greatest interest is in outdoor life, in keeping with which he plans to enter fisheries research at U.B.C.

**WILLIAM E. WOODS**

Four years ago Burnaby reluctantly released an exceptional honour student to V.C. Bill soon became well known hereabouts as an electronics expert (winning the da Vinci Science Fair in 1961), car enthusiast and guitar specialist. His plans for the future include a degree in electrical engineering from U.B.C.

## AUSTRALIA

Australia has two Provinces, St. Mary's and St. Patrick's, plus St. Joseph's vice-Province. At present there are 111 schools where 1005 Brothers teach 50,000 pupils.

Saint Patrick's College, Strathfield, Sydney, N.S.W., is the largest Catholic school in Australia. This school of thirteen hundred boys has an outstanding record for religious vocations and champion athletics. One of its unusual features is the "Tear Drop" chapel.

Situated south of Christchurch, New Zealand, St. Kevin's College, Oamaru, is a school of 300 boarders and also a school for late priestly vocations. Picture shows classrooms area lower half, and higher up the glass assembly hall with the school chapel on top.

# HIGH SCHOOL

High school is like leaping from stone to stone while crossing a stream; each stone is a grade to be passed and each successful leap is a promotion to the next grade. As the years go by each stone becomes a little more slippery and each leap a little longer. This jumping along the stepping-stones from Grade Eight to Eleven is a preparation for the most treacherous stone, Grade Twelve, and the longest leap, graduation. With each year, the student's physical, moral, and intellectual powers are strengthened and developed so that he can undertake the next step in his education. In this way the hesitant child just out of Grammar School develops into the self-reliant senior.

## AMERICA

The American Province is comprised of 46 schools and 850 Brothers teaching 25,000 students. It also conducts mission schools in the West Indies and in South Africa.

The Brothers opened St. Bonaventure's School, St. John's, Nfld., in 1876. At the opening of the Brother Rice Regional High School, St. Bon's was relegated to a grammar school but still retains its fine spirit of study and athletics.

Newark, New Jersey, is the site of Essex Catholic High School opened in 1957. One of the largest in the United States, it contains 88 classrooms, a chapel that seats 700 pupils, and a fully-equipped auditorium. At present the enrollment is about 2000.

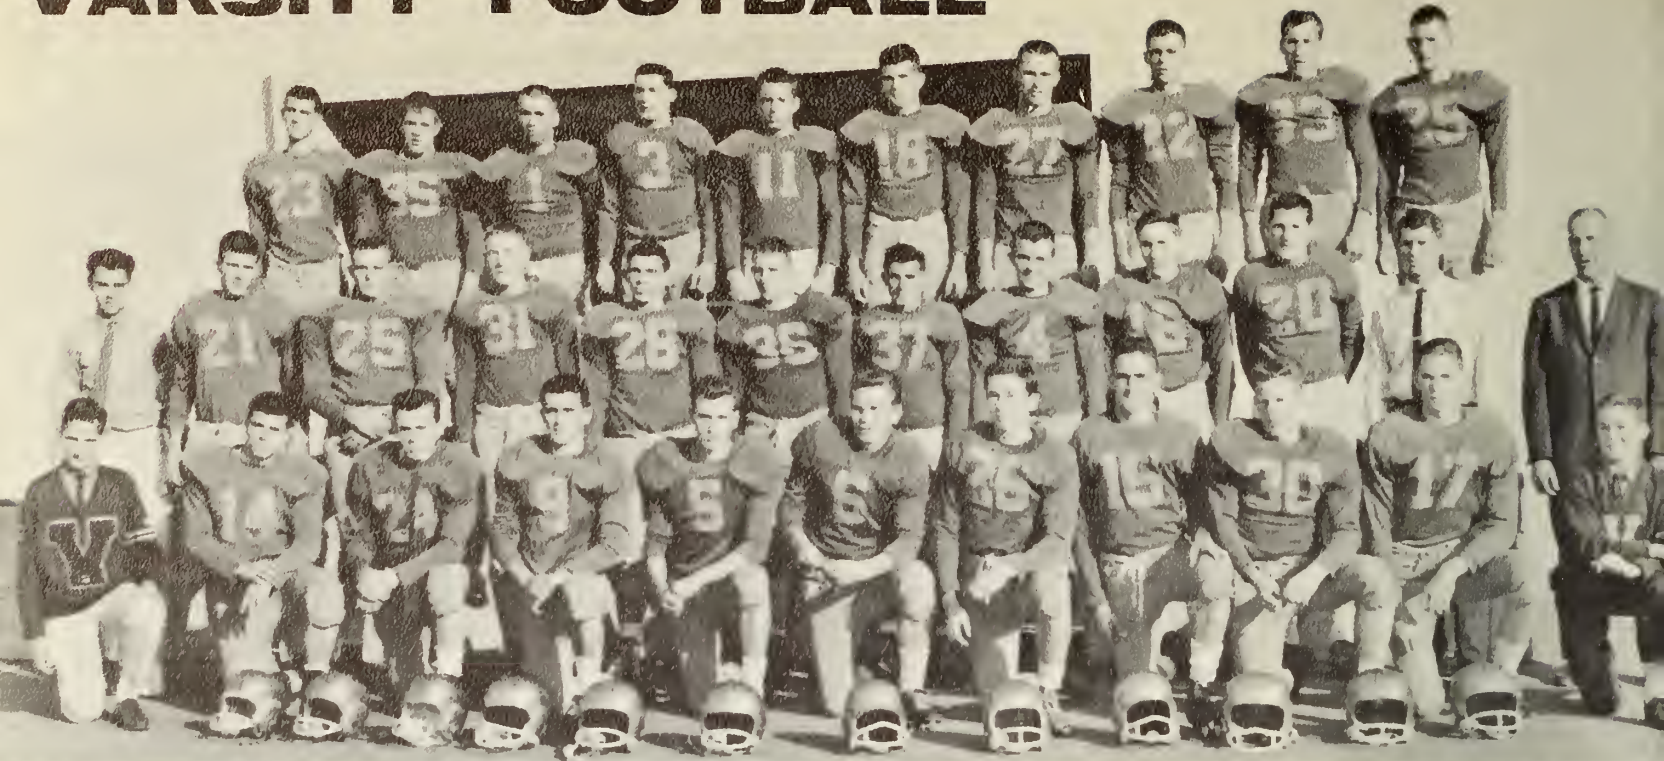

# SPORTS

Vancouver College has long been a name synonymous with outstanding athletic accomplishment. This may be due to the program of development that starts early in grammar school for the preparation of boys for the Varsity sports. It may also be due to the indomitable spirit of the "Fighting Irish", but nevertheless College consistently produces top men in football, basketball, and boxing. These sports provide physical and moral development for the participants, and give occasion for demonstration of school spirit.

## 1962 Irish End Season With Respectable Record.

The 1962 Fighting Irish, coached by Mr. Cal Murphy with the assistance of Mr. Doug Reid, had a good season with the respectable record of five wins and three losses.

In their first outing of the season, the Irish played a strongly offensive game against Lester Pearson and rolled by with an easy 24 - 0 victory.

In their second contest, against St. Martin's in Olympia, Wash., the Irish ran a two year winning streak out to twelve games with a decisive 25 - 7 victory.

In the third game, however, the Fighting Irish had their first fatal encounter with the Bellingham Red Raiders. College's win streak was ended abruptly by a 20 - 6 loss. The Irish had already lost some of the first string through injuries and the defensive squad had tackling troubles. The only one to reach the end-zone for College was Greg Melnechuk.

V.C.'s winning ways remained hidden when the Irish met the Cascades Bruins at Brockton Oval. College limped away suffering from a 35 - 6 loss. The Bruins were a big team and the Irish were plagued by penalties and fumbles.

In their fifth game, the Irish came out of their two game slump by defeating Como Lake, 21 - 13. It was a well-played game, with College touchdowns coming from Dennis Bibby, Gerry Miller, and Barry Coughlin. Coughlin scored on a 40-yard pass from Rodger Gregory. Miller played an excellent offensive game gaining 120 yards rushing.

The fourth Irish victory of the season was attained at the expense of the North Shore Wildcats, the Lower Mainland juvenile champions. The Irish tamed the Wildcats, who had previously been undefeated, to earn themselves a convincing 34 - 13 win. College majors were scored by Dennis Bibby, Rodger Gregory, and Barry Coughlin.

The Purple and Gold again met the Bellingham Red Raiders but this time the Irish were out to wreak vengeance upon the Raiders. College controlled the game up until the last four minutes. The Raiders then exploded for two touchdowns and changed the score to 13 - 7 in their favor. The clock finally beat the Irish, leaving them no time to make up the difference.

In the annual Remembrance Day match against Notre Dame, College brought the Archbishop's Trophy home for the sixth straight year with a score of 28 - 6. The Irish attack was spearheaded by the able passing of quarterback Dennis Bibby who completed five of nine passes in the first half. College's majors were marked up by Dan Thorsen. Dennis Bibby, Barry Coughlin, and Dave Durkin. The Irish also made a clean sweep of the trophies. Bryan Reid was named as the outstanding lineman of the game and Dennis Bibby as the outstanding backfielder.

Assistant coach, Mr. Doug Reid.

## Graduates Form Nucleus Of Fighting Irish

The central core of the Varsity team this year was composed of a number of senior students whose experience and support helped the Irish to a successful season.

Under the inspirational leadership of co-captains Dennis Bibby and Dave Durkin, who played quarterback and wing-back respectively, the team posted a record of five wins and three losses. The Irish ground attack was spearheaded by Gerry Miller whose running from halfback position often changed the score.

A football team needs a powerful aggressive line on offense and impenetrable wall of defense. These roles were filled for the most part by members of grade twelve. At the end positions were John Burbridge and Barry Coughlin, who was our best pass receiver. The tackle spots were filled by Julio Limantour, Bryan Reid, Tom Wilson, and Stan Dosman. The guard positions were covered by Myron Claridge and Murray Boyle. Our two top centres, Jim Mogush and Pat Parker, alternated at that position and were helped out by Doug MacKay-Dunn.

A small team with a desire to play football summarizes the spirit of this year's Junior Varsity. Captained by Joe Chan and Bill Salter, the team practised and played vigorously, producing the quality of football that will be of great value to the Varsity squad next season. Under the guiding hands of Dan Mullen and Murray Cliff, the club posted a record of two wins, one tie, and one loss. In the opening game of the season they tied our arch-rivals Notre Dame, 13 to 13. As the season

progressed, they defeated King George J.V.'s by a score of 20 to 7, and lost a heartbreaker to the much heavier Chilliwack Varsity, 7 to 6. In the final game of the season the Killarney J.V.'s were toppled by a score of 26 to 13. The touchdowns were earned by Jim Mullen, Joe Chan, and Bill Salter. This team was characterized by a true sporting spirit. Many of these boys eagerly await a chance to make the Varsity team next season.

In their first game they got a good start by defeating Prince George 64 - 34. Unfortunately the Irish couldn't quite keep up with North Surrey the next day and lost that game, 60 - 50. Never a team to give up, however, the College men met West Van on the following day and edged them 50 - 48. They then took their last game and fourth place by trouncing Courtenay 67 - 38.

## JUNIOR CHAMPS SHOW POTENTIAL

This year's Junior Varsity was greatly assisted by having relatively experienced members, many from last year's team. Their record during the regular season was quite respectable — 18 wins and 7 losses. At the end of the regular season, they had improved greatly and went into the B.C. Tournament at their peak. On the first two days they defeated John Oliver and St. Thomas Aquinas easily. In the semi-final the Juniors confronted Como Lake and managed to outplay them to the score of 47 to 37. In the final game of the Tournament they met the favoured East Delta team, defeating them 62 to 47 to become Junior B.C. Champions. This same group could possibly bring home the Senior Championship in two years.

College men took both mile events, Brent Gilker placing first in the junior mile and Duane Riordan setting a meet record in the senior event. A good left jab illustrates Fogarassy's long reach.

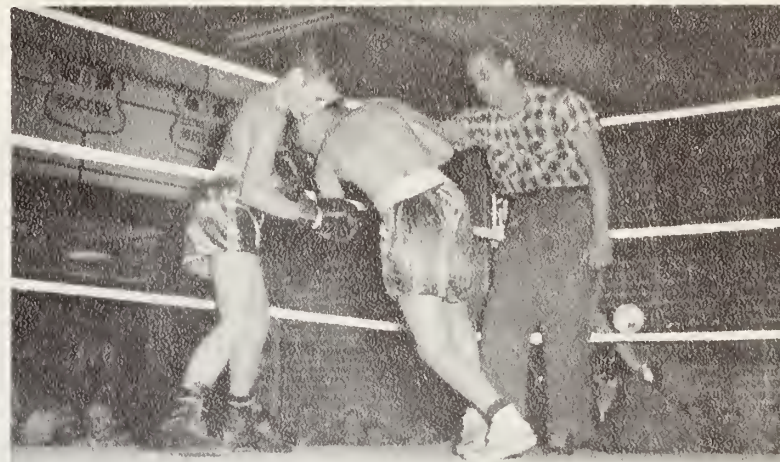

Characterized by a strong desire to win, this year's boxing team, considering its size, was able to give a creditable account of itself in the Bronze Gloves, the Emerald Gloves, and in several exhibition bouts. The Team, under the experienced supervision of coach Archie MacDonald and assistants Paul Taylor and Brian McGarry, spent many hours learning the fundamentals and practising new techniques. Although not as strong as some of

the previous College teams, the squad possessed undaunted spirit and power. Among prominent members of the team are Frank Fogarassy, winner of the 126 lb. division in the Emerald Gloves, Howie Smith, Don Roy, and Alfonso Gomez. The school can be proud of the way the traditions of the College in sportmanship and leadership were firmly upheld by the fighters on this year's team.

## Bowling Provides Friendly Competition

This year a large part of the student body has been active in bowling, a fast-growing extra-curricular activity. Every Wednesday and Thursday afternoon the fourteen teams come together in friendly competition at the Kerrisdale Bowladrome. Under the supervision of Brother Berndlmaier teams have successfully competed against St. Thomas More and St. Louis College. Two of the more prominent teams in the grades eleven and twelve league are those of John Jaye and Al Sims. At the conclusion of the season the members of the first-place team are awarded school pins. However, the other teams can also be proud of their participation in this fine school activity.

## SOUTH AFRICA

The Vice-Province of South Africa has fared admirably since its first opening in 1890. Now there are 5000 students being taught in 12 schools by about 120 Brothers.

The first school opened by the Irish Christian Brothers when they arrived in South Africa in 1897 was Christian Brothers College, Kimberley. This outstanding educational institution is one of the leading schools of its kind and its reputation is known throughout the Union.

Another view of Christian Brothers College, Kimberley. This school, as do all other schools attached to the Vice-Province, limits its scope of pupils to the white population due to government restrictions. The Brothers from the American Province conduct St. Boniface's Mission School in Kimberley for the natives.

# ACTIVITIES

Besides the direct education received in class and at practice, there is also at Vancouver College a less direct form of education presented in activities. The spiritual, social, and musical clubs and organizations that make up Activities provide a good training ground for leadership and group co-operation. Because of the wide variety of activities each student can find one that is especially suited to his particular interests. In this way education is broadened and the true meaning of fellowship becomes deeply rooted, enabling more active participation in the modern society.

Senior weekly meetings are conducted Tuesdays in the library before classes. Here Dennis Bibby proposes new business to the Sodalists.

## SODALITY

The Sodality of Our Lady has established itself as a very important force in the school. It is very prominent in spiritual activities.

The first thing that the Sodalist concentrates on is the attainment of his personal sanctification and this is done by consecrating himself to Mary. Several minutes each day are devoted to meditation and private prayer.

Complementing the spiritual side is the material side which concentrates on apostolic works. Every Sunday several Sodalists visit some young patients in the Children's Hospital. At Thanksgiving, they collected hampers and distributed them among needy families. During October and Lent, they sponsored recitation of the rosary at noon in the chapel. They also hosted the B.C. Sodality Conference, the highpoint of the year.

A new project started this year is the publishing of the newspaper, the B.C. Sodalist. This paper, under the editor, Brian Fogarty, is designed to communicate between groups of Sodalists in B.C. and to provide inspiration and ideas for apostolic projects.

# Our Lady and Her Legion

The Senior Legion of Mary takes time out for spiritual reading. Left to right: Jack Tomkins, Dan Reynolds, Bill Dumont, Dennis Gans, Michael Storey and John Day.

Quality, not quantity, is the focal point of this year's Legion of Mary. The Senior Legion has Mr. A. O'Reilly and Bill Dumont as president and vice-president respectively, with Brother Barnes as their moderator. The Junior Legion is led by Phil Steigerwald under the moderation of Brother Berndlmaier. The Legion was founded to promote Catholic Action. In keeping with this objective, they undertake many worthwhile projects during the school year. Visiting ships in order to distribute literature concerning the Catholic Sailors' Club occupies much of the Seniors' time, while the Juniors are engaged in training younger boys to serve on the altar and in maintaining full holy water fonts in the classrooms. Meetings are held regularly and a fervent devotion to Our Lady is particularly emphasized. A genuine trial of the Legion reveals astonishing effects in personal sanctification and apostolic conquests.

# SPOTLIGHT ON DRAMA

The Drama Club presented two evenings of delightful entertainment this year under the direction of Mrs. Dorothy Goldrick, an experienced actress and director. Brother G. P. Lyons, the moderator, co-ordinated the work of the various groups in the school. Two humorous plays, "St. Michael and the Devil" and "Refund" were presented at Christmas, and a longer play, "Brother Francisco's Miracle" at the St. Patrick's Day Festival. On both occasions their efforts were well received by students and parents alike.

Interviewed by indignant professors (L to R), Dermot Hennelly, Dan LaPorte, Mike Patterson, Bob Morgan, and Vic Simons, is Joe Beaupre (centre) in the Christmas production, "Refund".

Preparing behind the scenes with the assistance of Mrs. Goldrick are Dan LaPorte and Fred Penland.

## Glee Club

Rehearsal time finds Mr. Dean leading the Glee Club in a lively song.

The High School Glee Club made two public appearances during the year and on both occasions they were a credit to V.C.

Under the able direction of Mr. Morris Dean, the full talents of our all-male choral group were brought out. At Christmas entertainment, they presented a varied selection of modern songs and traditional favourites, performing with commendable polish and feeling. At the St. Patrick's Day Festival, their singing was again the highlight of the evening. The culmination of the Glee Club's efforts came at the Graduation Exercises, where they captured the atmosphere of the occasion in their well chosen songs.

# College Band

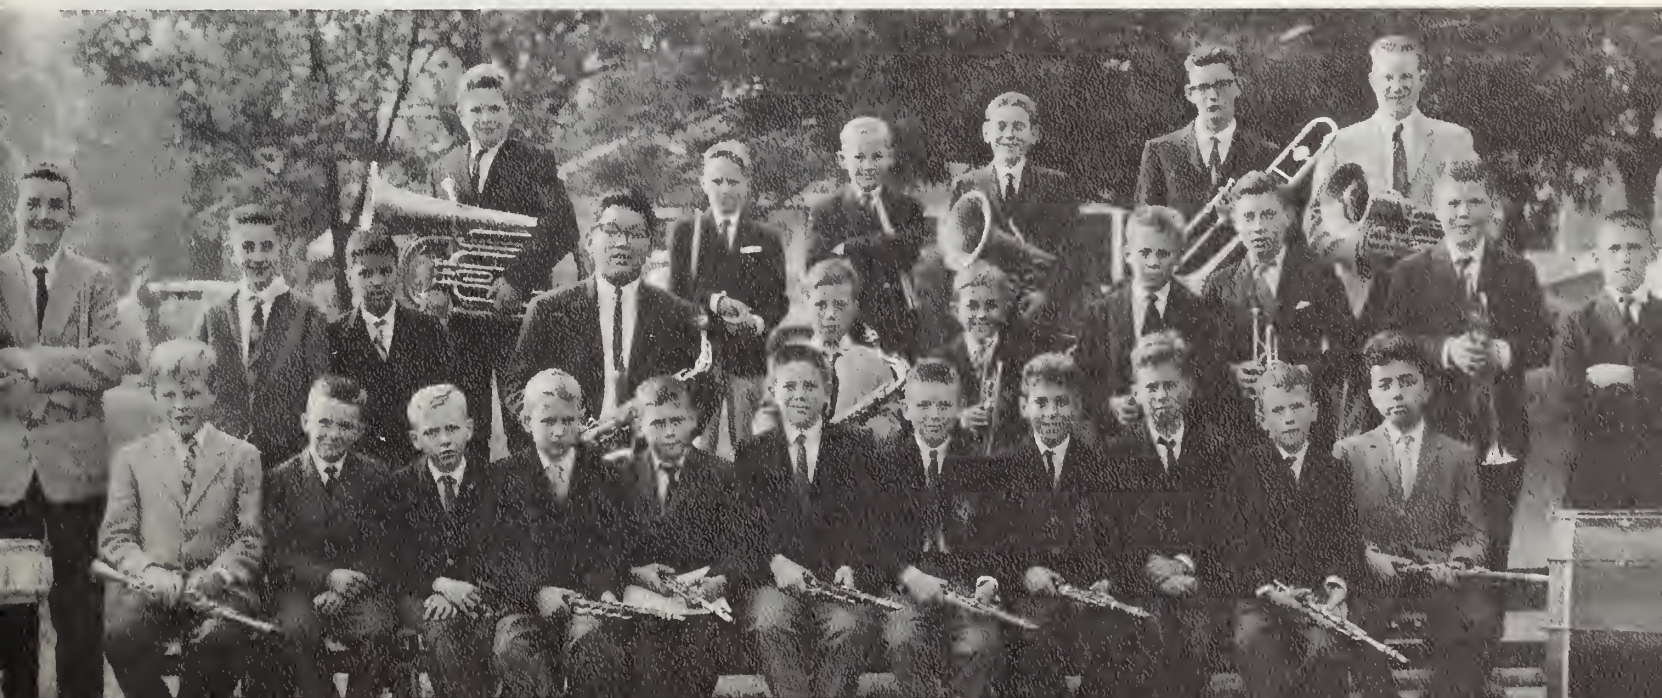

For the musically inclined, the College Band offers an opportunity for the development and the expression of musical talent. Under the direction of Mr. Gordon Olson, the band has practice sessions three times a week. It provides entertainment for some of the functions held throughout the year, especially as accompaniment for the College cheering section at sports activities.

# MONOGRAM CLUB

Membership in the Monogram Club is a coveted privilege that can only be gained through athletic endeavor. Yet many Lettermen are also leaders in their classes, both as class officers and as honor roll students. As a result the Monogram Club is looked up to for leadership. This may be a reason why the Lettermen are so often given control of so many of the school's extra-curricular activities.

The Monogram Club is headed by Dennis Bibby, the president, and Neil Williscroft, the vice-president. Meetings are held every Wednesday and on this day each week many Varsity sweaters can be seen.

This year, Lettermen ushered at all home games, at the annual Emerald Gloves, and at First Friday Masses. One of the most important purposes of the Lettermen's Club is the promoting and the keeping up of school spirit, one of the trademarks of Vancouver College. This is done by sponsoring Pep Rallies held periodically throughout the sports season in order to spark greater interest in the team and to learn well the V.C. cheers and songs.

**FRONT ROW:** Dave Durkin, Pat Parker, Jim Mogush, Myron Claridge, Doug McKay-Dunn, Duane Riordan, Dennis Therrien, Bob Dumont. **MIDDLE ROW:** Brian Reid, Fred Penland, Julio Limantour, Barry Lapointe, Dennis Bibby, Dan McDaniels, Pete Munsie, John Burbridge, Les Poltak. **BACK ROW:** Paul Taylor, Vic Dukowski, Tom Wilson, Bill Martin, Barry Coughlin.

## Senior Boarders — Strength In Unity

Senior Boarders pause to enjoy the more pleasurable side of the day.

In unity there is strength. This would be an appropriate theme for the fifty-eight senior boarders. Although many have homes in distant lands, the atmosphere of unity and friendship prevails. Countries such as Greece, China, and Mexico are all represented, providing varied topics for interesting conversations.

In order to maintain unity, organization, to a certain extent, is required. This is achieved by an elected group of officers voted in by the residents themselves. President of the seniors this year is John Burbridge and vice-president is Dave Brennan. Both have done a firm job by lending to moderators Br. Bucher and Br. Frenette a helping hand when there was need.

As for recreation there is the ever-so-popular billiard table adjacent to the modern recreation room which provides a comfortable atmosphere during leisure hours.

The spiritual programme which provides mass and communion three times weekly acts as a moral stimulus to help further their outlook on life.

All these benefits, plus many more, play a major part in the role of development of a Christian gentleman.

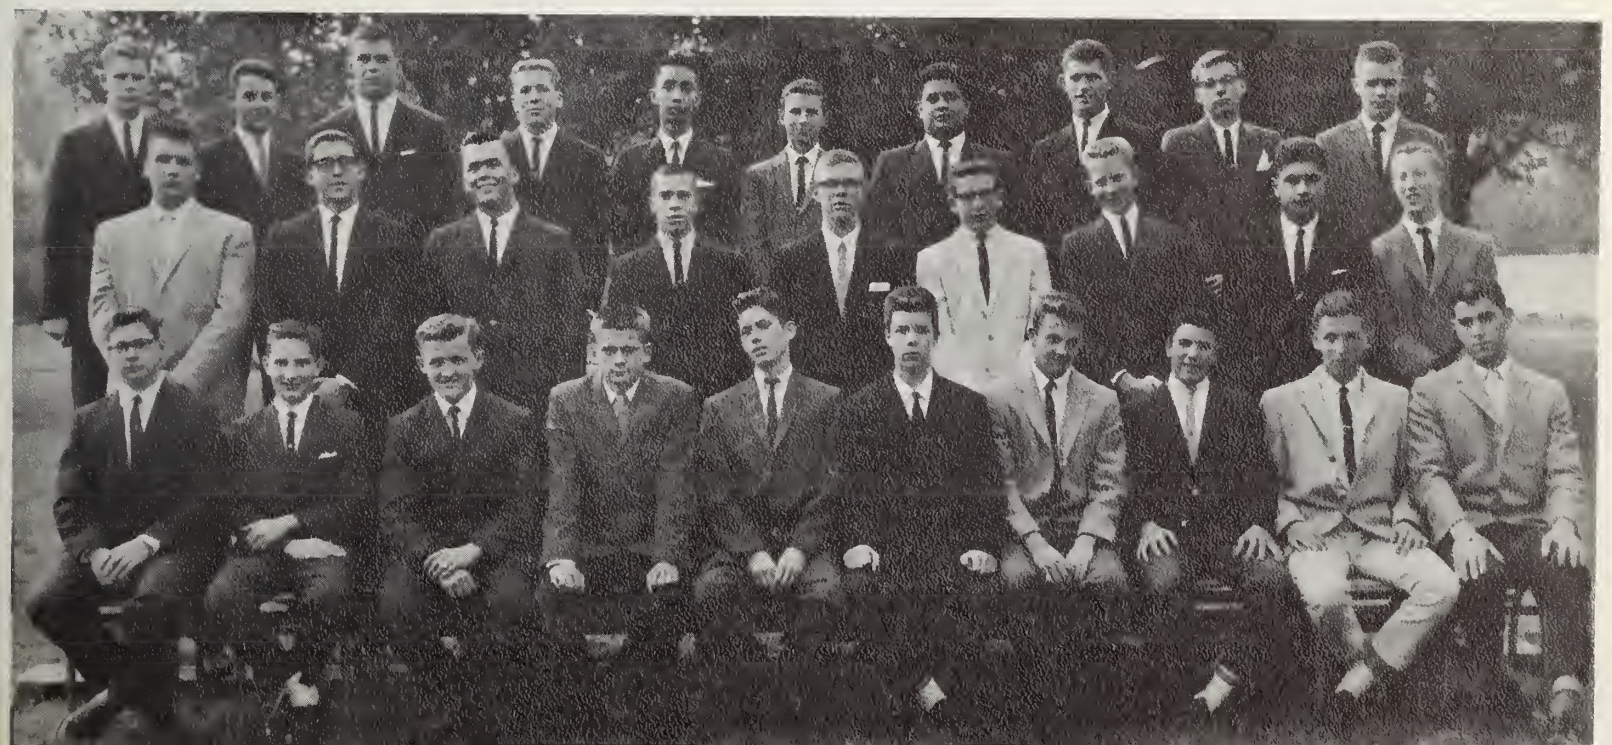

Senior Boarder President John Burbridge and Vice-President David Brennan stop for a chat with Moderator Br. Frenette.

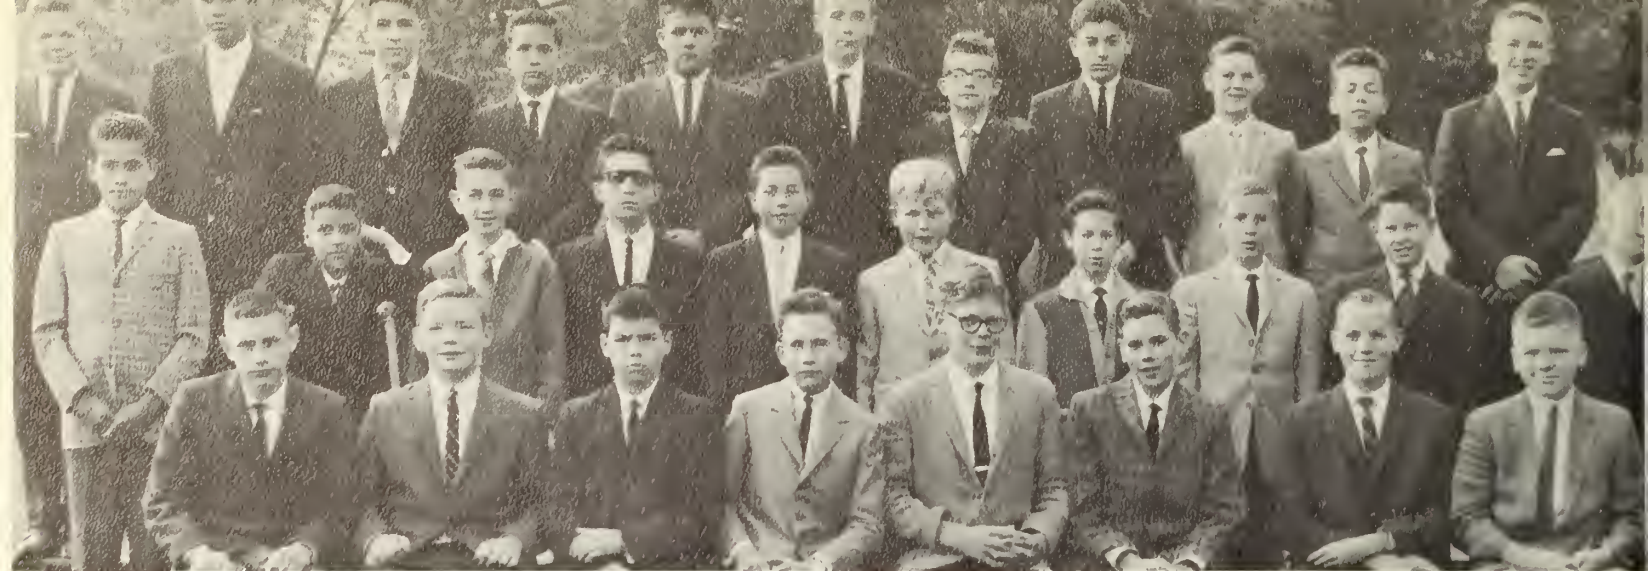

Nick Orton, one of the College's Hustlers, lines up for a difficult shot.

# PRINTING CLUB

One of the least heard of groups in the school is probably the Printing Club. In their press room, which is above the stage in the Gym, they print posters, programs, and tickets.

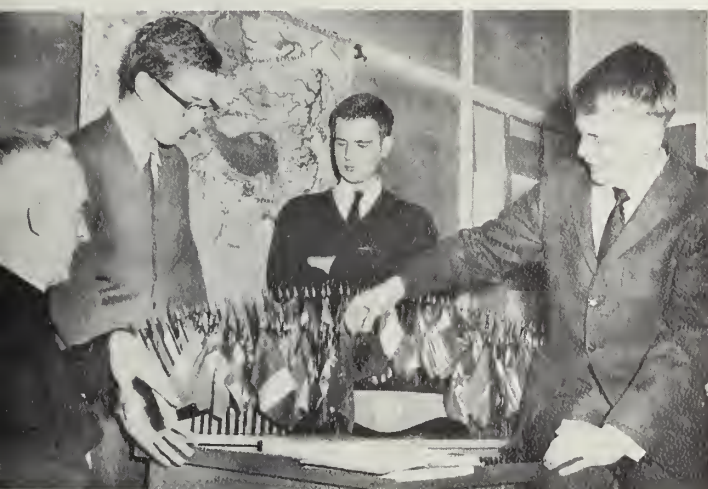

Busy at the press completing a ticket rush are (L to R) Keith Hutchinson, Janusz Zawadski, John Gray.

Each one doing his task provides an efficient printing club. (L to R) Mike Storey, Janusz Zawadski, Brian Boyle, John Gray.

# U.N. CLUB

Though commonly referred to as the U.N. Club, the members of this group prefer the name, International Affairs Club. Moderator, Br. Walsh, and president, Dave Smythe, hold their meetings every Friday during lunch hour. The purpose of the Club is to better acquaint members with the major topics of world concern.

Dave Smythe reviews the colorful miniature flag collection of U.N. member nations while Br. Walsh, Brian Fogarty, and Pete Pallesen observe.

Pete Pallesen discusses his views with delegates to the Catholic Conference of International Affairs.

Attention is focused toward Pete Pallesen as he addresses members on a current world topic.

"Going therefore teach ye all nations ..."

## INDIA

The Brothers came to India in 1890 and took up the work of the Calcutta Christian Brothers. Today there are some 107 Brothers teaching 9,500 pupils in 13 schools.

In 1941 the Brothers established Saint Columba's High School in New Delhi. The school used to be attended almost entirely by the sons of high government officials but since the independence of the country the student body is at present made up largely of pagan students.

In 1853 the Calcutta Christian Brothers founded Saint Joseph's College in Calcutta. This group amalgamated in 1890 with the Irish Christian Brothers when the latter came to India. This school is still carrying on the fine scholastic traditions originally established.

St. Mary's Orphanage, Dum Dum, Calcutta, well-known to the U. S. Army Engineers who rebuilt it, was founded by the Calcutta Brothers in 1848. Catering mainly to pagan pupils as present, the hierarchy feels that the Christian education may influence these students in life.

# GRAMMAR SCHOOL

We first approach school a little hesitantly, but it isn't long before it becomes a second home. During the seven years of grammar school, we prepare to enter high school. In sports we learn not only the rules and fundamentals of the game but also sportsmanship and team co-operation and, in general, develop the "Fighting Irish" tradition. In class, harder and harder exercises are presented to us and the background is laid for the tackling of the more difficult courses of high school. Here, too, we learn the fundamentals of our Catholic religion, we build our characters, and we learn to live under discipline. Thus, the years of Grammar School teach us how to be scholars, athletes, and true Christian gentlemen.

# SEVEN YEARS OF GRAMMAR SCHOOL SEE GREAT CHANGES

**ENTER THE  
CHILD . . .**

Serving as an auxiliary Grammar School classroom for the past two years, Cartier Hall will return to its former usefulness when the new wing to the college is added.

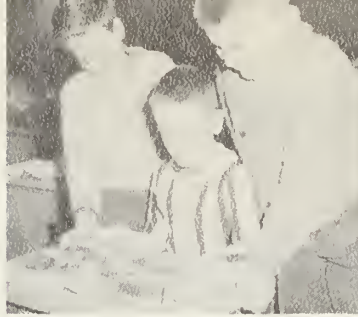

**LEAVE THE  
YOUNG MAN.**

The task of getting a basis for higher education is no easy one for the boy who enters the doors of Vancouver College for the first time at the age of six. This basis must be developed so that by the time he has graduated from Grade Seven he has a sound foundation spiritually, academically, and physically. As well as Mathematics, Science, and English, the fundamentals and the practice of faith are taught. To complement the work in the classroom, many opportunities are provided for physical development in football, basketball, boxing, baseball, and track. With this foundation laid, he will surely become a credit to Vancouver College.

## GRAMMAR SCHOOL FOOTBALL

The Grammar School football league plays an important part in the development of its fifty-eight players. For the fourth consecutive year the *Golden Warriors* have fought to first place. They were led to victory this year by Brother Comiskey, their coach, and by captains Bob Beaupré and Paul Giroday. Closely rivaling them were the *Blue Jets*, who received their instruction from Brother Szigethy and their inspiration from players like captain Hunt Palmer. In third place were Brother Waldron's *Red Raiders*, captained by Gene Kendall. Although the primary aim of Grammar School football is to teach the fundamentals of blocking, tackling, passing, and receiving, true sportsmanship and school spirit are cultivated. These sixth, seventh, and eighth graders can most certainly hope, and not without sound reason, for a position on some Varsity team in the very near future.

Blue Jet's Jimmy Williams makes a spectacular catch en route to a victory over the Red Raiders.

# Old-timers Gather for Fortieth Anniversary

Early in February of 1962 a group of interested graduates of Vancouver College was called together by the Alumni Association president, Mike Giroday, to investigate ways and means of observing the fortieth anniversary of the founding of the College. It was decided that a special effort was to be made to make the Annual Banquet a memorable affair. The date selected was Thursday of Easter week, April 26, and the locale was the College Gym, suitably decorated, caterers being brought in for the rib roast dinner.

On the great night the cafeteria was tastefully decorated and furnished for the pre-dinner refreshments and all the old pictures available were ranged about the walls. The gym was also beautifully decorated and three hundred people sat down to a splendid dinner. All arrangements for the refreshments and dinner had been skilfully handled by Bus McCarry '29.

Brother Keane, a member of the original faculty now stationed in Newfoundland, was the main guest speaker. Sharing the spotlight with him were the ex-principals of the College: Brother Walsh '39-'45, Brother Cunningham '45-48, Brother Penny '48-'54, and Brother Bates '54-'60, and the present principal, Brother Finch.

During the course of the evening the Glee Club entertained with a special program of the songs of the Twenties. After the last speech had been made the crowd was very slow to break up, each one wishing to prolong the feeling of nostalgia awakened by such a splendid gathering.

Brother Keane, with assistance of Louis Grant '26, cuts the anniversary cake.

Mr. Louis Grant '26, chairman of the Banquet, presents to Brother F. R. Finch a portrait of Brother M. J. Lannon, founder and principal, a gift of the Alumni Association to the College.

A portion of the head table: left to right, Brother G. P. Lyons '28; Father Francis Nash '26, Brother E. B. Walsh, Hon. Frank Richter '30, Minister of Agriculture, Brother W. C. Penny, Provincial, and Rt. Rev. T. M. Nichol, V.G.

Brother W. C. Penny, Provincial, speaks of his years at the College.

# 1962 Irish Display Speed And Spirit

*Compliments of*  
F. M. YEHLE

Plenty of brute force is in evidence here as Durkin and Reid overwhelm the ball-carrier.

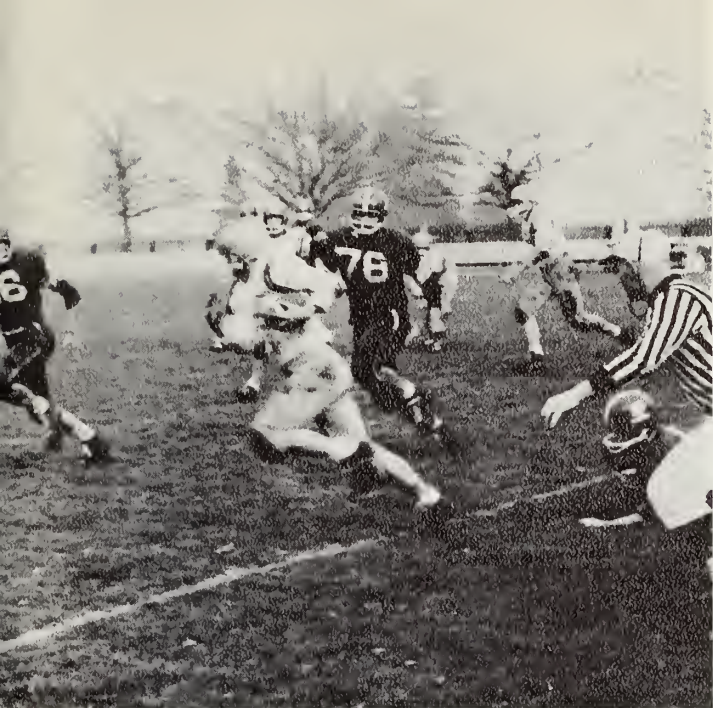

Coughlin snags a pass and outwits the opposition with fancy footwork.

Despite poor field conditions, College pushes the ball over for another touchdown.

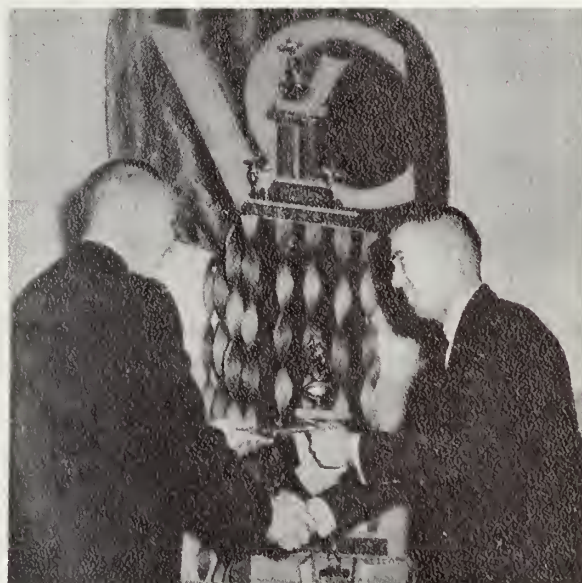

Coughlin heads downfield, leaving the defenders in his wake.

Bibby sees daylight and starts off downfield.

*Compliments of  
a Friend*

Dave Durkin, who was named best defensive player, receives his letter from Coach Murphy.

Coach Murphy presents a letter to Dennis Bibby, the Most Valuable Player.

Gang tackling like this exemplifies College's fiery spirit.

The business section of any yearbook is of primary importance. Its work lies in the effective handling of the ad-campaign; courteous rapport with the advertisers; the preparation of this, the largest single section in the yearbook, for the printer; and the final step of billing. Brother McManus' Golden Jubilee as an Irish Christian Brother was celebrated in 1962 by many Brothers from schools in the Northwest.

TOP: Cafeteria takes on a new and splendid look for the occasion.

RIGHT: A picture of the historic gathering of Brothers from the Northwest who helped to add their best wishes to the occasion.

The morning after the night before: Danny O'Leary takes to the trees to survey the damage done to the campus by the destructive storm which hit the mainland area in mid-October.

The hungry herd! Brother Finch stands aside to evade a swarm of students on their way to take lunch in the cafeteria.

A cold spell combined with the efforts of the Brothers and the boarders provided the College with a large skating rink which everyone seemed to enjoy immensely.

## If You Miss a Day You're Away Behind

HISTORY just whizzes by these days, a good deal of it fraught with portent and significance. Anyone who aims to keep up with it and to maintain any sort of coherence in his view of world affairs simply can't do without a daily survey of what has happened when he wasn't looking. It goes without saying that the best way to keep track is to follow events in a comprehensive daily newspaper. Like The Sun, if we do say so ourselves.
